# Poultry Shield

Multi Purpose Cleaner,  
Sanitiser & Odour Neutraliser

- For Cleaning livestock housing and equipment
- Dilutes to make 50 Litres of product

Poultry Shield is a multi-purpose cleaner and odour neutraliser, to be used for cleaning livestock housings and equipment

General Properties: Clear liquid. An alkaline blend of non-ionic and amphoteric surfactants in an aqueous solution.

Suitable for:  
Poultry.

## INSTRUCTIONS FOR USE

### Caged Layers:

Depopulate building as routine at the end of crop cycle. Apply a 1% solution (diluted 1:100 with clean water) with high pressure to all walls, ceilings floors and all equipment surfaces and allow to dry.

If you need to apply during the production cycle (emergency use) the use a 10% solution (diluted 1:10 with clean water) and apply at low pressure.

### Smallholders and backyard layers:

Spray interior areas and all equipment with a 10% solution, Pay particular attention to joints, roof structure and nest boxes. Leave to soak for one hour, then wash / brush clean.

## PACK SIZE

5 Litres
