

BEDGEN 40[®] SFA

Natural detoxifying effect

- Protects the liver and helps it recover.
- Enhances the liver's detoxification capacity.
- Increases production and release of bile.
- Improves the digestibility and absorption of nutrients.

PRODUCT DESCRIPTION

BEDGEN 40[®] SFA is a natural feed additive designed to enhance the detoxifying capacity of the liver, especially against mycotoxins, drug metabolites and other harmful pollutants such as herbicides, pesticides, nitrites, nitrates, or heavy metals.

INDICATIONS

BEDGEN 40[®] SFA is indicated to reduce the impact and effect of toxins, toxic metabolites and harmful pollutants on the liver, helping it flush them out and detoxify the organism.

ADMINISTRATION

Administer orally mixed with drinking water.

RECOMMENDED DOSE

10 - 50 ml per 100 litres of drinking water, or at the discretion of the veterinarian in charge.

PACKING

20 l, 5 l, 1 l.

SPECIES

Poultry, Swine.
